# Wild thing!

\*\*\*\*\*

## Gwelan Mor

5 Star Resort Portreath Cornwall

## Feadon Farm

Wildlife Centre at Gwelan Mor

# A walk on the wildside

Take a guided walk through the woods and fields to discover the hidden wildlife. Meet some of our resident wildlife; Foxes, Barn Owl, voles and grass snake to name just a few.

Our wildlife activities are one of the many things that really sets Gwel an Mor apart from other holiday lodges - no other resort offers anything quite like this!

Feadon Farm is right next door and is an amazing place where children and adults can get up close and personal to wildlife as diverse as reindeer and badgers. As far as we know, it is the only place in the UK where you can hand feed foxes. Meeting our rescued foxes is one of the highlights of any visit to Gwel an Mor and will be a lasting memory from your holiday.

At Gwel an Mor, we are passionate about protecting the environment. That's why we don't only carry out recycling, energy conservation and community support, we have also developed our very own non-profit Wildlife Centre at Feadon Farm.

There are a great choice of wildlife activities on offer, including our Wildlife Experience, Nature Trail Safari, Falconry, Night Walks and Rock Pooling.

## Wildlife Experience:

Join our wildlife ranger for the adventure of a woodland safari, where you will meet some of the local wildlife, before meeting our rescued Foxes, Todd and Meadow and fly our barn owl Sly. We have all sorts of other rescued wildlife coming in all the time so who knows what other wonderful creatures you might meet!

## Meet the Animals:

Tailored for younger children, this experience gives little ones the chance to meet and greet some of our friendly residents at the Farm. Our reindeer brothers welcome lots of attention, our foxes love to be hand fed and many other animals are here waiting to meet them and get lots of strokes and cuddles.

## Rock Pooling:

Enjoy this classic seaside pastime, rock pooling is always fun but our ranger adds a new dimension. Get a new perspective on Hermit Crabs, Starfish and Sea Hares and whatever else turns up on the day - you might even see a seal - and if you are lucky, catch a glimpse of a dolphin.

## Falconry:

Meet Harry the Harris Hawk and Sly the Barn Owl as well as other beautiful birds of prey. Learn about the history of Falconry and the equipment used and after a demonstration, you'll have a chance to fly the birds yourself.

## Night Walk:

This is one of the very best wildlife activities. So much wildlife comes alive only at night. A night lamp and a little expert know how reveals this hidden and magical world. We will look for badgers, owls, deer and foxes close to the holiday lodges. You will even have the chance to meet our own owls, foxes and other rescued wildlife.
